7.	<p>Update from Gill Foott, Community Engagement Officer</p> <p>Gill drew everyone's attention to the following opportunities:</p> <ul style="list-style-type: none"> • NHS England is looking for two Patient and Public Voice (PPV) partners for the National Equality, Diversity and Inclusion (EDI) Repository Case Study Moderation Panel. The closing date for applications is 19 July. For more information, see: https://www.england.nhs.uk/get-involved/get-involved/opportunities/ • NHS Dorset would like to hear from anyone who lives in Dorset who has used a digital health tool or app, such as the NHS App or BP@Home. Please follow this link to fill in the Survey: https://forms.office.com/e/QM7nABKPWU. Stories will be used to help raise awareness of these tools and to improve services. <p>We also took this opportunity to talk about the <i>Help Your NHS</i> Campaign, which was formally launched in Dorset on 8 July 2024. People are being encouraged to manage a range of minor conditions themselves - in most cases, GPs, nurses and pharmacists will no longer prescribe medicines available over the counter for these conditions. For more information, see: https://nhsdorset.nhs.uk/health/medicines/helpyournhs/.</p>	
8.	<p>Patient Survey April 2024</p> <p>The final Report of the Patient Survey undertaken In the Surgery by the PPG in April 2024 had been published on the News page on the Practice's website, alongside the Practice's Response - see: www.swanagemedical.org.uk/News.</p> <p>PPG members welcomed the Practice's response to each of the recommendations made in the Report - and also noted those actions which the PPG will be supporting the Practice to take forward.</p> <p>Dr Evans thanked the PPG for carrying out the Survey.</p> <p>It was noted that the results of the 2024 National GP Patient Survey were also due to be published soon. The proposed priorities reflect those actions arising from the Survey which the PPG has agreed to support the Practice to take forward. They are also consistent with the Practice's priorities for the forthcoming year. PPG members approved the latest versions of both documents, which would now be uploaded to the PPG page at the Practice's website.</p> <p>It was agreed that the first priority should be to produce an updated version of the newsletter originally issued in August 2023, entitled <i>Making the best use of our Services</i> - and to then review the Practice website. Margaret agreed to liaise with Nat regarding what should be covered in the revised version of this newsletter - and how best to take forward the review of the website.</p>	<p>MB/NR</p> <p>MB/NR</p>

	<p>PPG members discussed how best to keep patients informed about the way services are delivered at the Practice.
